ONLY RAIN DOWN THE DRAIN!

Did you know... when rain or melting snow flows over the land, it picks up pollutants, like trash, dog poop, oil from leaking cars, and carries it into our storm drains – which lead to the Schuylkill River.

Most of us within the Schuylkill watershed get our drinking water from the Schuylkill River. By keeping our storm drains clean, we're helping to keep our drinking water clean.

YOU CAN HELP KEEP OUR WATERWAYS CLEAN BY...

- Cleaning up after your dog
- Not littering
- Planting trees, plants, and flowers
- Recycling
- Using products with natural ingredients
